Claims 1-38 are pending. No new matter has been added.

Disclaimers Relating to Claim Interpretation and Prosecution History Estoppel

Claims 1-35 have been amended notwithstanding the belief that these claims were allowable. Except as specifically admitted below, no claim elements have been narrowed. Rather, cosmetic amendments have been made to the claims and to broaden them in view of the cited art. Claims 1-35 have been amended solely for the purpose of expediting the patent application process, and the amendments were not necessary for patentability.

Any reference herein to "the invention" is intended to refer to the specific claim or claims being addressed herein. The claims of this Application are intended to stand on their own and are not to be read in light of the prosecution history of any related or unrelated patent or patent application. Furthermore, no arguments in any prosecution history relate to any claim in this Application, except for arguments specifically directed to the claim.

Claim Objections

The Examiner objected to claims 13, 21, 33 and 35.

The Examiner stated that for claims 13, 21 and 33 "... in the rail then the knob assembly is rotated" should be "... in the rail, and then the knob assembly is rotated. ..." Claims 13, 21 and 33 have been amended per the Examiner's suggestion. Therefore the objection has been overcome.

The Examiner stated that for claim 35 "quickly easily" should be "quickly and easily." Claim 35 has been amended per the Examiner's suggestion. Therefore the objection has been overcome.

Claim Rejections - 35 USC § 112

The Examiner rejected claims 17, 24, 25, 28 and 35-38 under 35 USC § 112, second paragraph as being indefinite for failing to particularly point out and distinctly claim the subject matter. Claims 17, 24, 25, 28 and 35 have been amended to overcome the rejection.
